## VIOLENT WIND AND RAIN STORM

At Garner 25 Houses, it is Said, Were Blown Down.

### INSCRIPTIONS ON MONUMENT

Death of an Ex-Confederate Soldier. All in Readiness for Unveiling the Bethel Monument—Commencement at the A. and M. College—Charters by the State.

Messenger Bureau. Raleigh, N. C., May 13.

The annual debate of the Pullman Literary society at the Agricultural and Mechanical College was held last night and resulted in a victory for the negative, the query being, "Resolved, That co-operation should be practiced in agricultural, mechanical and commercial industries." B. B. Egerton, for the affirmative, was awarded the medal as the best debater, the debaters were Clarence Myrick and B. B. Egerton for the affirmative and James E. Moore and C. C. Clardy for the negative.

J. A. Adams, an old Confederate soldier who has been in the Soldiers' Home since 1902, died suddenly yesterday afternoon in the home of Fannie Adams, woman on a disreputable section of the city. The woman was a relative of his and he had gone there to try to induce her to give up the life she was leading. He was subject to fits and in the midst of his conference with his wayward relative he fell over in a fit and died before medical assistance could reach him. He was 62 years old and served during the Civil war as a member of Company I, 44th regiment North Carolina troops.

The most violent wind and rain storm that has visited this section in a great while passed this way last evening, doing considerable damage. The wind registered fifty miles an hour and the rain fell in torrents for nearly an hour. Two fine oaks in capitol square were blown down. Also twelve on the campus of St. Mary's School. A number of the fine oaks for which Raleigh is noted succumbed to the storm. All the telephone exchanges were practically put out of business. It is reported that the town of Garner, on the Southern Railway east of Raleigh was damaged to the extent of having as many as twenty-five houses blown down. The wires are all down and the report has not been verified from here. A west bound Southern passenger train passed the town in the midst of the storm and passengers say they saw a giant oak tree fall across a residence. The storm seems to have assumed almost the proportions of a cyclone there.

Governor Glenn made a speech last night before the Clerks Union of Raleigh, the occasion being a sort of a rally for the purpose of quickening interest in the union. He endorsed the union when judiciously and fairly directed and made a splendid impression on the members.

The graduate class of the Agricultural and Mechanical College here comprises thirty young men. The graduating exercises will take place May 31, the commencement season beginning, however, on the 28th. The baccalaureate sermon will be by Bishop Warren Candler, of Atlanta. The annual sermon before the Y. M. C. A. by Rev. J. R. Bridges, of Charlotte, on the 28th. On the 29th there will be the annual address before the Alumni Association by W. F. Bonitz, of Wilmington. On Tuesday the 30th, there will be the dress parade in the afternoon followed by a reception by the faculty at night. Then the graduating exercises on Wednesday. Five of the students will speak. J. R. Smith of Bertie, B. G. Porter of Wayne; A. T. Kenyon of Sampson; J. O. Morgan of Henderson and O. L. Bagley of Johnston.

The secretary of state authorizes the change of name of the Tunstall-Bray Drug Company, of States, to the Polk-Wray Drug Company.

General Charles D. Glenn wrote his brother, Governor Glenn, this morning from Greensboro, that he will return to Raleigh Monday and take up again his duties as private secretary to the governor. He says he has fully recovered from his recent attack.

The Wallace Manufacturing Co., of Wallace, Duplin county, is chartered with \$15,000 capital to do a general lumber and sash, door and blind manufacturing business. J. F. Southerland is one of the principal incorporators. Another charter is to the Barnesville Ginning Co., of Barnesville, Lumberton, Robeson county. R. E. Barnes the principal incorporator, and the capital is \$25,000 authorized, and \$3,300 subscribed. The Burnsville Telephone Co. is chartered to establish an exchange in Burnsville, Yancey county, and long distance lines to neighboring towns. J. S. Gibbs is one of the principal incorporators.

Revenue raiders destroyed a blockade still at Hannah's Creek, in Johnston county, last night, capturing 50 gallons of whiskey and destroying 500 gallons of beer. The owner was not arrested.

It is reported from the office of the state superintendent of public instruction that a local tax for the improvement of public schools has been carried in Jacksonville, Onslow county, by fifteen majority.

E. J. Hale, W. E. Kyle, John H. Thorpe, W. B. Taylor and R. H. Ricks, commissioners, on the part of North Carolina, for the Bethel Monument Association, announce all things in readiness for the joint Virginia and North Carolina unveiling ceremonies, June 10th. The large monument has been completed and will be set up within a few yards of the church between Yorktown and Hampton. It is 18 feet high and bears this inscription: "To commemorate the battle of June 10, 1861, the first conflict between the Confederate and the Federal land forces, and in memory of Henry L. Wyatt, private, Co. A, First regiment, North Carolina Volunteers, the first Confederate soldier to fall in actual battle. Erected by the Bethel Memorial Association of Virginia and North Carolina, June 10, 1905."

On the right and the left sides of the monument will be the battle flags of 1861 and 1903.

The commission has paid the contract price secured by the Virginians, for the marker at the Wyatt site. The marker is four feet high with polished face and is ready all save the inscription. This will probably be as follows: "On this spot, June 10, 1861, fell Henry Lawson Wyatt, a private in Company A, First North Carolina Regiment, the first Confederate soldier killed in battle during the great war. He died amid the cheers of his comrades over one of the most extraordinary victories in the annals of war."

There will also be inscriptions telling the circumstances under which Wyatt was killed. At the unveiling, June 10th, Governor Montague, of Virginia, will welcome the North Carolinians and Governor Glenn, of North Carolina, will respond. The governors of all the Southern states have been invited.

The St. Ambrose Parish school and kindergarten, in connection with St. Ambrose Episcopal church, colored, here, announces their first graduating exercises May 15 and 16. There is only one graduate, the first they claim turned out from such a school in the state.

Governor Glenn says in speaking of the condition of his brother and private secretary, General James W. Glenn, that he has not been paralyzed at all, but that his trouble is from acute indigestion, and a consequent excessive flow of blood to his heart. There is every indication of speedy recovery and a week's rest at his home in Greensboro will bring him around in good shape. His mental faculties are as clear as can be.

## NEW UNION PASSENGER STATION

Formal Opening in Atlanta Attended by About 50,000 Persons.

Atlanta, Ga., May 13.—The formal opening of the new union passenger station here today was made a gala event, about fifty thousand persons accepting the invitation of the railroads to be present. Music was rendered by the Sixteenth United States regiment band.

The station ranks among the best in the country. The building proper is constructed of ferro concrete and steel, and is handsomely embellished with Georgia marble. It is fitted up with all modern conveniences.

The train shed accommodates twelve tracks, and is 765 feet long. The building and shed cover thirteen acres. The station cost \$1,600,000 and has been in course of construction about twenty months. The Southern, the Atlanta and West Point and the Central of Georgia are railroads which will use the station. After midnight tonight trains on these roads will regularly enter the new station.

## WOODMEN OF THE WORLD

Next Thursday Set as Date of Adjournment—An Important Amendment to Constitution.

Chattanooga, Tenn., May 13.—The Sovereign Camp, Woodmen of the World, has fixed next Thursday as the date of final adjournment. An important amendment to the constitution of the order was adopted today when the sovereign commander was given authority to appoint or remove "general, special and local organizers, lecturers and assistants, and to establish their compensation on recommendation of a majority of the head officers of the jurisdiction."

The convention decided to admit brass moulders and finishers in the future, this class having heretofore been barred from membership.

The Woodmen Circle, the women's auxiliary of the order, decided to erect an \$80,000 office building in Omaha as an investment of part of its surplus revenue.

## AMERICAN CHEMICAL SOCIETY

North Carolina Section Now in Session in Raleigh.

(Special to The Messenger.)

Raleigh, N. C., May 13.—The North Carolina section of the American Chemical Society in annual session today elected C. B. Williams, department of agriculture, Raleigh, president; J. E. Mills, University of North Carolina, secretary and treasurer; A. S. Wheeler, Chapel Hill, councilor; E. V. Howell, Chapel Hill, and Charles Walker, A. and M. College, Raleigh, reporters.

This afternoon there was a joint session of the North Carolina Academy of Sciences and the North Carolina section of the American Chemical Society. An elaborate banquet followed, at which distinguished guests were present, among them being President Greelman, of the Ontario Agricultural College, and J. A. Bizzell, of Cornell University.

## NAN PATTERSON IS AT HOME

Curious Crowd Awaited Her Arrival in Washington.

### HAS RECEIVED MANY OFFERS

She Was at Once Driven to Her Father's House Where a Pathetic Meeting With Her Mother Occurred. Mr. and Mrs. J. Morgan Smith Accompanied Miss Patterson From New York.

Washington, May 13.—Nan Patterson, accompanied by her father, and Mr. and Mrs. J. Morgan Smith, arrived in Washington from New York at 7:20 o'clock this morning and upon leaving the train at 8 o'clock the party at once proceeded to the Patterson home on Columbia Heights, a modest two story cottage where they arrived in time for breakfast. A crowd of curious persons awaited the arrival of the train at the Pennsylvania depot. After some minutes in the station, the sleeper in which were the Patterson party, was withdrawn to a place on a siding. The car was soon surrounded by a much larger crowd which as the delay continued, grew in size. It was announced that Miss Patterson had not completed her toilet. It was just 8 o'clock when Miss Patterson made her appearance from the stateroom which she had occupied with her sister during the night. A carriage was in waiting, and the police pressed the crowd back while all of the party entered the vehicle. As the door of the carriage slammed the crowd which had been silent, voiced its approval in cheers. Miss Patterson was dressed in a new costume of blue, with hat to match, and looked well and refreshed by the good sleep she said she had enjoyed. As she reached the car door her father, who was with her, said to a number of newspaper men on its platform: "This is Nan Patterson."

"I can only say that I am glad to see you," immediately responded Miss Patterson, "and that I am so glad to get home."

When the carriage conveying the party reached the corner of the street, adjacent to the Patterson residence, the impatient girl could restrain herself no longer. She sprang from the vehicle and ran down the block, stopping to hug and kiss her relatives as she came to them on their way to meet her. She hesitated only long enough to give a brief greeting to each, in her hurry to reach home and mother. She disappeared through the door after running up the steps, with outstretched arms and the words "Mother" on her lips. Mrs. Patterson, who was prostrated by the news of her daughter's freedom yesterday, and with tears of happiness glistening in her eyes and a quaver of emotion in her voice, said:

"My daughter is with me now. All my children are home. I am so happy."

Nan's father said that although many flattering offers of engagements had come to his daughter, none of them had been considered and none would be for some time. "She will remain at home and take a good rest, after that she will take up the question of the future."

## WILL SUCCEED ROBINS

Major General Lomax of Virginia Will be Appointed on the Gettysburg Battlefield Commission.

Washington, May 13.—Senator Daniel, of Virginia, recommended to the President today the appointment of Major General Linsford Lewis Lomax as one of the members of the Gettysburg Battlefield Commission. In succession to the late Major Robins, of North Carolina, who was one of the Confederate commissioners. The President referred the matter to Secretary Taft who is the appointing power, with a request that the appointment of General Lomax be made. General Lomax is the senior Confederate officer of Virginia and, with the exception of Major General Hoke, of North Carolina is the senior officer living of the army of Northern Virginia. He was a first lieutenant of cavalry in the United States army and commanded the escort of President Lincoln at the time of the latter's first inauguration. For many years, General Lomax has been an employee of the war department.

Immigration Industrial Bureau. Birmingham, Ala., May 13.—To meet the demand for more labor in this state the railroads entering Alabama have concluded a arrangement to establish an immigration and industrial bureau here, which will co-operate with the state authorities and the various industrial and commercial bodies with a view of bringing desirable immigrants to the state. The organization will be known as the "Immigration and Industrial Association of Alabama." Part of the general plan is said to be to secure a share of the alien immigration for Alabama by having the steamship lines land them at Southern ports.

## 8-Hour Law Applies to Employees on Isthmian Canal.

Washington, May 13.—In an opinion rendered by Attorney General Moody regarding the application of the eight hour law to the employees of the Isthmian Canal Commission on the Isthmus of Panama the attorney general holds that the law applies to those employees. An inspection of the union showed that it did not cover all the ground desired by the Panama Canal Commission and consequently it will be returned to the attorney general for further consideration.

## CAN SUGGEST NO SOLUTION

Report of Committee Appointed to Investigate Work Among Negroes.

### HEARD WITH GREAT INTEREST

Report Was Read at the Southern Baptist Convention—Greatest Force in Leading the Negro Up is the Varied Contact With Christian White Men and Women.

Kansas City, May 13.—"It is no affair of this convention to solve the so-called negro problem. It is our duty to find our duty and recognize and discharge it. God will take care of the problem."

Dr. L. O. Dawson, of Alabama, chairman of a committee appointed at the Nashville convention a year ago to investigate work among the negroes, delivered his report at the annual Southern Baptist convention today. The above declaration in which Mr. Dawson opened his report, caused something of a surprise, and his report as he continued, was listened to with unusual interest. Continuing, the report said:

"No fixed policy can with wisdom be adopted by a convention dealing with a shifting problem. A plan pre-eminently wise today might be foolish tomorrow. In all our policies there should be an elasticity that would render readjustment or entire change not only possible, but easy."

"By far the greatest force in leading the negro up from savagery has been his varied contact with Christian white men and women. In this daily personal contact with the negro, necessary to our Southern life, lies our greatest opportunity to help, and here in is found our chief duty. It is largely an individual duty, vastly more important than any educational or missionary scheme this or any other convention can adopt. By pulpit and press, by every force known to Christian endeavor, this convention should urge our people to this individual every day home duty. This, with fair and just treatment in all the affairs of life, will be well nigh the measure of our obligation. This will help to self-help and to self-respect. The negro is no longer a slave and should be no longer a ward. Upon this point your committee rests its chief emphasis and its most earnest recommendation."

"The Southern Baptist convention should stand, as it has always stood, for the application of every possible uplifting agency to the negro situation, and therefore should welcome every contribution from whatever source for the proper education of the negroes. Chief among these contributions is the \$130,000,000 paid by the Southern States through taxation for this purpose."

## OUTBURSTS AGAINST FRANCE

The Belief is That Japan Has Territorial Ambitions in Indo-China

Paris, May 13.—The popular outbursts at Tokio against France lead to settled convictions here that Japan has territorial ambitions in Indo-China which the French must sooner or later defend. Although the Japanese officials disclaim any such intentions this belief has taken firm hold of the French public and press, which unites in calling on the government to adopt energetic measures, strengthen the defenses of Indo-China, and prepare for the contest which it is asserted will be inevitable when Japan's hands are freed from the Russian war.

The government authorities, while not considering that the trouble is imminent, share the public belief that it is essential to make speedy preparation for the defense of Indo-China and accordingly large special credits are being asked for, the ministries of marine and war are considering large augmentations of the forces in Indo-China and Admiral Fournier is planning a chain of coast defenses similar to those with which he has encircled France.

## Final Stages of the Gaylor-Greene Case.

Montreal, May 13.—The final stages of the Gaylor-Greene case before it is considered on its merits by the extradition commissioner were entered upon today when the prosecution endeavored to introduce evidence to offset the expert testimony of witnesses for the defense, who had declared that the printed evidence presented by the United States was not legal. D. Frank Lloyd, assistant United States district attorney, New York, was called but the defense objected to his evidence and an argument was commenced which took up most of the day.

## Several Still Missing as Result of Wednesday's Tornado.

Snyder, Okla., May 12.—All the bodies recovered of the victims of Wednesday's tornado have been buried or shipped for burial. The homeless persons have found shelter, and the wounded are attended by trained nurses.

Daily rains are annoying the injured, who are in impoverished hospitals. The homeless people are quartered in the remnants of houses not rendered wholly uninhabitable by the storm. The town is well policed. There are several persons still missing.

## Picnicking Parties

will find Wintar Park a delightful place. Cars can be chartered at small cost.

## FEAR SPREAD OF THE STRIKE

All Team Owners in Chicago Lined Up Against Union.

### NUMBER OF MEN OUT IS 4,500

All of the Truck Drivers in the City Will be On Strike in a Few Days. Carriage and Hearse Drivers May Also Go Out—Breaks in Ranks of the Strikers.

Chicago, May 13.—The strike of the teamsters is expected to spread rapidly during the next week. At a meeting held tonight between the teamsters' joint council, which is the governing body of the local unions of the teamsters, and representatives of the Team Owners' Association, the latter informed the representatives of the Teamsters that the condition of their business made it necessary for them to make deliveries to houses which had been boycotted by the unions, and that they would do so next week heedless of the fact whether or not a strike existed at such places. The council was urged to agree to this procedure, and avert a great strike. After an extended debate among its members the Teamsters' council decided that it would not agree to the delivery of goods to any of the boycotted houses by union teamsters, and that strikes would be called whenever a man was discharged for refusing to deliver goods.

The situation has now reached a point where practically all of the team owners in the city are lined up against the Teamsters' Unions. The number of men now out is about 4,500, and it is expected that the strikes that are now sure to come next week will more than double this number. It means that practically all of the truck drivers in the city will be on strike in a few days. In addition to refusing the requests of the Team Owners' Association, the teamsters' joint council tonight took action that may cause a general strike of all the carriage and hearse drivers in the city. The Liverymen's Association, an organization of employers, requested the council to order the drivers to leave passengers at their destination, instead of stopping at some distance from a store. The council refused to do this, and announced that if the liverymen did not recede from their position a general strike of all drivers, including hearse drivers, would be called.

While the union leaders were preparing for the meeting tonight there were several breaks in the ranks of the union men. A number of striking drivers applied for their former places at the department store of Rothschild & Company, and union drivers in several cases delivered goods to boycotted firms without trouble.

There were a few isolated attacks on non-union men throughout the day, but no riots of much size.

## ALL EXPECTED TO RECOVER

Condition of Only Two Who Were Injured in the Pennsylvania Wreck is Considered Serious.

Harrisburg, Pa., May 13.—The thirty-five victims of the South Harrisburg railroad disaster, now at the Harrisburg hospital, are doing nicely, and all are expected to recover. The condition of only two, S. W. Anderson, of Pittsburg, and Joseph Eberle, New York, is regarded as serious.

Twenty-two persons were either killed outright or have since died from their injuries. Among the missing is E. D. Edson, a New York lawyer, whose body is believed to have been consumed in the burning of the wreck.

The five unidentified victims were buried in a plot in the Paxtang cemetery today, with impressive ceremonies. The Pennsylvania railroad company will erect handsome monuments to mark their graves. The coroner will hold an inquest on Tuesday.

## MEMORIAL WINDOW UNVEILED

Gift of Maryland Daughters of the Confederacy to the Museum at Richmond.

Richmond, Va., May 13.—In the presence of a number of Baltimore people, a memorial window in the Maryland room of the Confederate museum was unveiled today. The presentation address was made by Hon. John Prentiss Poe, of Baltimore, whose wife is regent of the Maryland room and the speech of acceptance by Rev. Dr. W. E. Evans of this city, a native of Baltimore.

The window is the gift of the Maryland Daughters of the Confederacy made through Mrs. C. O. B. Cowarden, of this city, Baltimorean by nativity, who is vice regent of the Maryland room.

At the same time there were presented to the museum portraits of the following members of the Confederate cabinet:

Secretary Mallory of Florida; Judge Reagan of Texas, and Secretary Meminger, of South Carolina.

## Fresh Air

is what the children need. Many spots along the suburban line are ideal for picnic parties.

Obstinate constipation, indigestion and stomach disorders are permanently and positively cured by taking Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets. R. R. Bellamy.

## FEAR MAY DAY DEMONSTRATIONS

Revolutionary Agitators Would Like Another "Red Sunday."

### ST. PETERSBURG IS GUARDED

Big Meetings Have Been Planned to be Held at Various Points—Authorities Admit the Possibility of Bloodshed—Interference of Police and Troops Will be Resisted With Force.

St. Petersburg, May 13.—Tomorrow, the Russian May day, is awaited with nervousness, both by the public and the authorities. The revolutionary agitators would like to make it another "red Sunday" in every city of the empire and everywhere are urging workmen to celebrate the fete with anti-government demonstrations and to resist with arms if the police and troops interfere.

The agitators are covertly aided by some radicals who have not the courage to come out into the open and who are trying to pave the way to set up the cry of shooting down of innocents in the events of bloodshed, by warning the authorities that the meetings are intended to be pacific; but a perusal of the countless proclamations with which St. Petersburg, for instance, is flooded, proves conclusively that it is really intended to precipitate collisions. Many workmen are said to be armed with bombs and revolvers.

Fortunately some liberals, and even those of radical views, realizing the futility of bloodshed, are counseling the workmen not to jeopardize their lives uselessly.

The police also have issued systematic warnings. Nevertheless, disdaining the advice of well wishers and defying the warnings of the police, the social democrats and social revolutionists have called big meetings to be held at various points in the city. It is almost too much to hope the day will pass in Russia without collisions or bloodshed.

Governor General Trepoff and Director of Police Kovalensky, while expressing the hope that all will be quiet tomorrow as far as St. Petersburg is concerned, admit the possibility of disorders. At the same time they insisted to the Associated Press that if blood is spilled the responsibility must rest on those who deliberately provoke it.

Elaborate precautions have been taken. The garrison of the city was further reinforced during the week and a large detachment of don Cossacks arrived tonight.

Twenty-five thousand Cossacks are stationed tonight in various quarters of the city and all of the guard regiments are under arms, but specific writings are that the order to fire must under no circumstances be given until the troops are actually attacked.

## NOTHING HEARD FROM ROJESTVENSKY

Saigon, Cochinchina, May 13.—Nothing has been heard here of the movements of Admiral Rojostvensky's fleet since May 9th, when the Russians left Vanfong Bay.

SEVENTEEN WARSHIPS SIGHTED Hong Kong, May 13.—Seventeen warships were sighted during the evening of May 10, twelve miles off the Three Kings rock, near the entrance of Vanfong Bay. Transports were seen in Kuabang Pass (on Kohe bay) seventy-five miles north of Kamranh Bay the same day.

## TACTICS OF THE JAPANESE

hey Apparently Are Trying to Race Back the Russian Left.

Gadgedayana, Manchuria, May 13.—As before the battle of Mukden the Japanese apparently are endeavoring to roll back the Russian left, which as then is pushed far southward. The Russians advancing in three columns and driving in the Japanese, reached and held Dangu Pass, but since May 6 they have been subjected to a constantly increasing pressure and fierce night attacks. The Japanese in the centre have withdrawn a little to the line at Machantez and Madiapu, three miles south of Changtu station.

A Russian detachment advancing along the Liao river west of Feng Husheng found the whole of region of Daliaohe and Sillaohe swarming with trained bands of Chinese bandits under Japanese officers acting in conjunction with small detachments of Japanese dragons with machine guns who offered such effective resistance that the Russians were compelled to return without having attained their objective.

During the past three days a heavy hurricane more violent than that during the Mukden battle has prevailed.

## Dr. Millard Released From Jail.

Orangeburg, S. C., May 13.—Dr. Kenyon V. Millard, of Indianapolis, who has been held in jail for several weeks on the charge of bigamy, was released from custody this afternoon, the evidence being insufficient to hold him. Dr. Millard stated today that he and Miss Kenyon will be re-married next December, at the expiration of the time set in the interlocutory divorce.

Baby sleeps and grows while mammy rests if Hollister's Rocky Mountain Tea is given. It is the greatest baby medicine ever offered loving mothers. 25 cents. Tea or Tablets. R. R. Bellamy.
